"Illuminate[s] the lives behind the current debates about Latino immigration." –The New York Times Book Review When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here Henriquez seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America. The Book of Unknown Americans is a stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American. Named a New York Times and Washington Post Notable Book, an NPR Great Read, The Daily Beast's Novel of the Year, and a Mother Jones, Oprah.com, School Library Journal, and BookPage Best Book of the Year

Each unit includes guided reading, vocabulary building, skillbuilder practice, geography applications, primary sources, literature selections, reteaching activities, enrichment activities for gifted and talented students, history workshop resources and answer key.

The vital resource for grading all assignments from the American Literature course, including options to help personalize the coursework for the individual student to develop: Essay writing skills, Higher ACT/SAT scores, Solid worldviews, and Strong vocabulary.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

This convenient teacher’s guide is all a parent or teacher needs to easily grade the 10th grade student assignments for American History: Observations & Assessments from Early Settlement to Today. Assignments with answers, learning objectives, grading criteria, and short essay questions are included. This course is designed for a student to practice independent learning. The guide will assist teachers by offering: 34 chapters for 34 weeks of study Chapters include 5 lessons taking approximately 30 minutes each The final lesson of the week is an exam covering the week’s instruction Student questions are organized in the back for easy use in testing and review Teachers, parents, or students can grade assignments daily or weekly As the teacher, you will enjoy partnering with your student as he or she processes American history while developing or strengthening a Christian world view.

Details the career path, presidential policies, key events, trivial facts, and historical impact of each president from George Washington to Bill Clinton.

Teacher guides include insights, helps, and weekly exams, as well as answer keys to easily grade course materials! Help make your educational program better – use a convenient teacher guide to have tests, answer keys, and concepts! An essential addition for your coursework – team your student book with his convenient teacher guide filled with testing materials, chapter helps, and essential ways to extend the learning program.

The American English Compendium is a fun way to explore the nuances of the English language—learn that a group of lions is called a pride; a group of whales, a pod; and a group of owls, a parliament. Distinguish between a quack and a shyster. Learn that “tabling a motion” in a U.S. court has an opposite meaning from the same term in England. This book picks up where other language dictionaries leave off: it includes common proverbs, a sampling of American English versus British English, popular American expressions and slang, acronyms, and varied information on everything from wildlife to currency. In this new edition, the staples have been updated and fresh chapters have been added, with information on pronunciation, oddball English words, and even some of the new Internet terminology, including Twitterspeak.

What’s your secret? American Spies presents the stunning histories of more than forty Americans who spied against their country during the past six decades. Michael Sulick, former head of the CIA’s clandestine service, illustrates through these stories—some familiar, others much less well known—the common threads in the spy cases and the evolution of American attitudes toward espionage since the onset of the Cold War. After highlighting the accounts of many who have spied for traditional adversaries such as Russian and Chinese intelligence services, Sulick shows how spy hunters today confront a far broader spectrum of threats not only from hostile states but also substate groups, including those conducting cyberespionage. Sulick reveals six fundamental elements of espionage in these stories: the motivations that drove them to spy; their access and the secrets they betrayed; their tradecraft, i.e., the techniques of concealing their espionage; their exposure; their punishment; and, finally, the damage they inflicted on America’s national security. The book is the sequel to Sulick’s popular Spying in America: Espionage from the Revolutionary War to the Dawn of the Cold War. Together they serve as a basic introduction to understanding America’s vulnerability to espionage, which has oscillated between peacetime complacency and wartime vigilance, and continues to be shaped by the inherent conflict between our nation’s security needs and our commitment to the preservation of civil liberties.
