school program provides students with an investigative approach to learning mathematics. This complete mathematics curriculum for grades 6 – 8 helps students utilize engaging interactive problems and motivating everyday situations to learn math concepts.

Pearson Prentice Hall - CMP2

One of the goals of Connected Mathematics is to assist children in figuring out as much as they can for themselves. You can help by asking questions that guide, without telling what to do or giving away answers. Good questions and good listening will help children make sense of mathematics, build self-confidence, and encourage mathematical thinking and communication.

4.1: I can calculate the unit rate for real life situations by breaking down the ratio (fractions) by dividing to solve the problem to find the relationship between two units.

7th Math Unit 4 Comparing and Scaling | Ryan Bell
Connected Mathematics 3, or CMP3, is an inquiry-based mathematics program for Grades 6-8. It helps students actively focus on math problem solving, reasoning and proof, communication, representation, and connections. These math practices require students to look deeper and connect problem solving to practical situations.
