The book titled ‘Beyond Magenta’ has actually been on the shelves since 2014, but gained widespread attention after some disturbing passages were highlighted by the Binary Australia website, which describes itself as seeking to “challenge the aggressive agenda to de-gender” society.

Kuklin’s important new book brings welcome clarity to a subject that has often been obscure and gives faces—literally and metaphorically—to a segment of the teen population that has too long been invisible. Speaking with equal impact to both the reader’s heart and mind, Beyond Magenta is highly recommended. Grades 7-12.
