Online Library Chemistry

Drawing on exam data from Edexcel's Results Plus service, this book offers tailored support for the 2008 specification. It includes: exam-style questions, worked examples, guidance on practical assessment, case studies and investigations.

Online Library Chemistry

Thinking tasks, quick questions and checklists help students track their progress.

Our Revision Workbooks are designed to help students develop vital skills throughout the course and build their confidence in preparation for the

Online Library Chemistry

Exam, with guided questions, unguided questions, practice papers and a full set of answers.

'Student Unit Guides' explain the unit requirements, summarising the relevant module content and including specimen questions and answers.

Online Library Chemistry Edexcel As

The Edexcel
Chemistry for AS
Book and Student's
website have been
developed by two
highly experienced
chemistry authors to
support the revised
Edexcel
specifications. The
website (powered by
Dynamic Learning),
provides students

Online Library

Chemistry

with interactive pages enhanced with additional resources. Tailored precisely to the revised Edexcel specification, The Student's Book includes both quick 'Test yourself' questions throughout each of the 19 topics and end of topic Review questions. Activities involving

Online Library Chemistry

data analysis and contemporary contexts are also included throughout the book to help teachers and students address the new How Science Works components. The website has a full copy of the book with icons linking it to: - Learning outcomes showing a complete

Online Library Chemistry

Index of the As

requirements in the specification to help students see where learning objectives and skills are covered in the book. - Data tables - Practical guidance on, for example, risk assessments, errors and uncertainty, titrations and the preparation of

Online Library Chemistry

Organic compounds -

Tutorials that work through selected problems and explain the more difficult concepts using a voiceover and animated diagrams, graphs and worked calculations -

Extension questions to stretch the more able, covering some ideas in greater depth

Online Library Chemistry

- Answers to all Test
yourself questions
and questions in the
activities in the
Student's Book
