In November 1963, the president of South Vietnam and his brother were brutally executed in a coup that was sanctioned and supported by the American government. President Kennedy later explained to his close friend Paul “ Red ” Fay that the reason the United States made the fateful decision to get rid of the Ngos was in no small part because of South Vietnam's first lady, Madame Nhu. “ That goddamn bitch, ” Fay remembers President Kennedy saying, “ She's responsible ... that bitch stuck her nose in and boiled up the whole situation down there. ” The coup marked the collapse of the Diem government and became the US entry point for a decade-long conflict in Vietnam. Kennedy's death and the atrocities of the ensuing war eclipsed the memory of Madame Nhu—with her daunting mixture of fierceness and beauty. But at the time, to David Halberstam, she was “ the beautiful but diabolic sex dictatress, ” and Malcolm Browne called her “ the most dangerous enemy a man can have. ” By 1987, the once-glamorous celebrity had retreated into exile and seclusion, and remained there until young American Monique Demery tracked her down in Paris thirty years later. Finding the Dragon Lady is Demery's story of her improbable relationship with Madame Nhu, and—having ultimately been entrusted with Madame Nhu's unpublished memoirs and her diary from the years leading up to the coup—the first full history of the Dragon Lady herself, a woman who was feared and fantasized over in her time, and who singlehandedly frustrated the government of one of the world's superpowers.

Conditions Opening with the shooting of Lady Virginia 'Ginie' Courtauld in her tranquil garden in 1950s Rhodesia, The Dragon Lady tells Ginie's extraordinary story, so called for the exotic tattoo snaking up her leg. From the glamorous Italian Riviera before the Great War to the Art Deco glory of Eltham Palace in the thirties, and from the secluded Scottish Highlands to segregated Rhodesia in the fifties, the narrative spans enormous cultural and social change. Lady Virginia Courtauld was a boundary-breaking, colourful and unconventional person who rejected the submissive role women were expected to play. Ostracised by society for being a foreign divorcée at the time of Edward VIII and Mrs Simpson, Ginie and her second husband, Stephen Courtauld, leave the confines of post-war Britain to forge a new life in Rhodesia, only to find that being progressive liberals during segregation proves mortally dangerous. Many people had reason to dislike Ginie, but who had reason enough to pull the trigger? Deeply evocative of time and place, The Dragon Lady subtly blends fact and fiction to paint the portrait of an extraordinary woman in an era of great social and cultural change.

A knitting group's change of scenery changes lives in unexpected ways Margaret, Rose, Jane, and Fran had a good thing going: meet every week in the quiet of their peaceful chapel and knit prayer shawls. No muss, just ministry. That is, until their pastor boots them out of the church in his last-ditch effort to revive the dwindling congregation. Uptight Margaret isn't having it. Knitting prayer shawls where people can watch is the most ridiculous idea she's ever heard of, and she's heard plenty. Prayer belongs in the church, not out among the heathen masses. How are they supposed to knit holiness into these shawls if they're constantly distracted by the public? But with no choice, the others embrace the

challenge. They pack their knitting bags and drag Margaret—grumbling the whole way—to the mall with them. She can't wait to prove them all wrong when it fails miserably, and show the pastor that she always knows best. Without the familiar mold the group has been stuck in, their own losses, pain, and struggles rise to the surface. And the people and situations they encounter every time they try to sit quietly and knit are taking them a lot further out of their comfort zone than they ever imagined. Can they find the courage to tackle the increasing number of knotty issues they learn about in the community--or will the tangle be too much to unravel? Sharon J. Mondragon's debut is warm and delightful, full of real laughter, grief, and personality. It beautifully illustrates the power of women across generations to reach people for Christ

Describes the life of the First Lady of South Vietnam, a glamorous, sexy and controversial figure known as the “ Dragon Lady ” who lived in exile after a U.S.-backed coup killed her husband and brother-in-law during the Vietnam War.

At the end of the nineteenth century China is rocked by foreign attacks and local rebellions. The only constant is the power wielded by one woman, Tzu Hsi, also known as Empress Orchid, who must face the perilous condition of her empire and devastating personal losses. In this sequel to the bestselling Empress Orchid, Anchee Min brings to life one of the most important figures in Chinese history, a very human leader who sacrifices all she has to protect both those she loves and her doomed empire.
