Online Library Empires Nations And Families A

This was not, as Empires, Nations, and Families makes clear, virgin wilderness discovered by virtuous Anglo entrepreneurs. Rather, the United States was a newcomer in a place already complicated by vying empires. This book documents the broad family associations that crossed national and ethnic lines and that, along with the river systems of the trans-Mississippi West, formed the basis for a global trade in furs that had operated for hundreds of years before the land became part of the United States. \emptyset Empires, Nations, and Families shows how the world of river and maritime trade effectively shifted political power away from military and diplomatic circles into the hands of local people. Tracing

History Of The North
American West 1800-1880
Anne F. Hyde

family stories from the Canadian North to the Spanish and Mexican borderlands and from the Pacific Coast to the Missouri and Mississippi rivers, Anne F. Hyde's narrative moves from the earliest years of the Indian trade to the Mexican War and the gold rush era. Her work reveals how, in the 1850s, immigrants to these newest regions of the United States violently wrested control from Native and other powers, and how conquest and competing demands for land and resources brought about a volatile frontier culture—not at all the peace and prosperity that the new power had promised.

Online Library Empires Nations And Families A

Genovese, Gambino, Bonnano, Colombo and Lucchese. For decades these Five Families ruled New York and built the American Mafia (or Cosa Nostra) into an underworld empire. Today, the Mafia is an endangered species, battered and beleaguered by aggressive investigators, incompetent leadership, betrayals and generational changes that produced violent and unreliable leaders and recruits. A twenty year assault against the five families in particular blossomed into the most successful law enforcement campaign of the last century. Selwyn Raab's Five Families is the vivid story of the rise and fall of New York's premier dons from Lucky Luciano to Paul Castellano to John Gotti and

Online Library Empires Nations And Families A

more. The book also brings the reader right up to the possible resurgence of the Mafia as the FBI and local law enforcement agencies turn their attention to homeland security and away from organized crime.

They were abolitionists, speculators, slave owners, government officials, and occasional politicians. They were observers of the anxieties and dramas of empire. And they were from one family. *The Inner Life of Empires* tells the intimate history of the Johnstones--four sisters and seven brothers who lived in Scotland and around the globe in the fast-changing eighteenth century. Piecing together their voyages, marriages, debts, and

Online Library Empires Nations And Families A

lawsuits, and examining their ideas, sentiments, and values, renowned historian Emma Rothschild illuminates a tumultuous period that created the modern economy, the British Empire, and the philosophical Enlightenment. One of the sisters joined a rebel army, was imprisoned in Edinburgh Castle, and escaped in disguise in 1746. Her younger brother was a close friend of Adam Smith and David Hume. Another brother was fluent in Persian and Bengali, and married to a celebrated poet. He was the owner of a slave known only as "Bell or Belinda," who journeyed from Calcutta to Virginia, was accused in Scotland of infanticide, and was the last person judged to be a slave by a

Online Library Empires Nations And Families A

court in the British Isles. In Grenada, India, Jamaica, and Florida, the Johnstones embodied the connections between European, American, and Asian empires. Their family history offers insights into a time when distinctions between the public and private, home and overseas, and slavery and servitude were in constant flux. Based on multiple archives, documents, and letters, *The Inner Life of Empires* looks at one family's complex story to describe the origins of the modern political, economic, and intellectual world.

This collected volume, edited by Ron Suny and Terry Martin, shows how the Soviet state managed to create a multiethnic empire in its

Online Library Empires Nations And Families A

early years, from the end of the Russian Revolution to the end of World War II. Bringing together the newest research on a wide geographic range, from Russia to Central Asia, this volume is essential reading for students and scholars of Soviet history and politics.

In the medieval and early modern periods, Spain shaped a global empire from scattered territories spanning Europe, Africa, and the Americas. Historians either have studied this empire piecemeal—one territory at a time—or have focused on monarchs endeavoring to mandate the allegiance of far-flung territories to the crown. For Yuen-Gen Liang, these

Online Library Empires Nations And Families A

approaches do not adequately explain the forces that connected the territories that the Spanish empire comprised. In *Family and Empire*, Liang investigates the horizontal ties created by noble family networks whose members fanned out to conquer and subsequently administer key territories in Spain's Mediterranean realm. Liang focuses on the Fernández de Córdoba family, a clan based in Andalusia that set out on mobile careers in the Spanish empire at the end of the fifteenth century. Members of the family served as military officers, viceroys, royal councilors, and clerics in Algeria, Navarre, Toledo, Granada, and at the royal court. Liang shows how, over the course of four

Online Library Empires Nations And Families A

generations, their service vitally transformed the empire as well as the family. The Fernández de Córdoba established networks of kin and clients that horizontally connected disparate imperial territories, binding together religious communities—Christians, Muslims, and Jews—and political factions—Comunero rebels and French and Ottoman sympathizers—into an incorporated imperial polity. Liang explores how at the same time dedication to service shaped the personal lives of family members as they uprooted households, realigned patronage ties, and altered identities that for centuries had been deeply rooted in local communities in order to

Online Library Empires Nations And Families A

embark on imperial careers.

American West 1800 1860 Anne F. Hyde

Lauren Benton and Lisa Ford find the origins of international law in empires, especially in the British Empire's sprawling efforts to refashion the imperial constitution and reorder the world. These attempts touched on all the issues of the early nineteenth century, from slavery to revolution, and changed the way we think about the empire's legacy.

Challenging much received wisdom about nation-states—how they form, what sustains them, why they fail—this study of subaltern social groups in the Chachapoyas region of Peru analyzes the emergence of the

Online Library Empires Nations And Families A

History Of The North
American West 1800-1860
Anne F. Hyde

modern nation-state "from below." By approaching nation-state formation from the perspective of the subaltern, the book offers a critique of scholarship that sees coercion and the imposition of social and cultural forms as the core of nation-state expansion. This "coercive" view bears virtually no relation to the complex transformations in power, culture, and economy that resulted in the consolidation of national control in the Chachapoyas region. In Chachapoyas, subaltern social groups had long been subject to the abuses of a social order based on principles of aristocratic sovereignty. In the 1920's, these popular forces mobilized around an alternative vision of

Online Library Empires Nations And Families A

community that promised to deliver them from their aristocratic overlords—a national community, based on modernity and popular sovereignty. In 1930, the subaltern challenged the elite in an armed uprising, seized control of regional affairs, and established a new form of public culture. Because these newly ascendant popular groups regarded the nation-state as a powerful force for emancipation, they made national values and state institutions an integral part of public culture. In the process, they brought the nation-state into being in Chachapoyas.

Look at the future of persecution. One day soon the only refuge for the faithful may be Space. Follow

Online Library Empires Nations And Families A

a desperate couple fighting isolation and equipment malfunction to pilot a gas-collecting balloon ship to the outer planets. Michael, crown prince of the Space Empire hopes to save his people from external attack with an internal rebellion and a battle cruiser like no other. His plans are shaken by a forbidden romance, political turmoil, and the discovery of Earth's Fourth Empire. Michael and his best friend Randolph might save or shatter the Space Empire's last hope for the future.

In Matthew Costello's widely acclaimed post-apocalyptic thriller, Vacation, NYPD cop Jack Murphy leaves the city with his wife, Christie, and kids, Kate and

Online Library Empires Nations And Families A

Simon. Retreating to the supposed safety of a bucolic camp for families, Jack discovers that the plague of cannibalism that has claimed so many cities, is here as well. And only his self-sacrifice will enable his wife, his kids...to get out. In Home Christie tries to return to the gated security of their home. At least in that world, there were security guards with AR-15s, and electric fences. But when Christie returns, she discovers that -- for them -- home has vanished, replaced by what is left of the civilized world quickly collapsing around them. Worse, another change has taken hold with humanity - and that very word...humanity did not apply any more. Now in the last volume in the series, Family, a

Online Library Empires Nations And Families A

wounded Christie, Kate and Simon...more like equals than a mother and kids...must flee that world to find if there is any place that can be safe for them, any place that they can be a family. Any place ...where they can survive. And as in the first book, sometimes only the most terrible sacrifice will allow your family...to live.
