Tessa Teevan is an author that writes books that I will always be exited to read. She delivers dreamy romance books with plenty of story line and deliciously steamy bedroom action. The Explosive series is just what it says on the tin; knicker twisting, uncontrollably sexy and heart warming.

Marry me. Two words Kalli Montgomery never expected to say out loud to Xavier Cruz, even though she's been in love with the sexy, single father for as long as she can remember. Unfortunately, she hasn't just been friend-zoned for the past ten years. No, even worse, he's treated her like a little sister, no matter how hard she tried to prove she could be so much more. When she agrees to spend the summer as the caregiver for his daughter, Lily, she knows it's her last chance to finally make him take notice. As unexpected circumstances threaten to disrupt his home life, Xavier's desperate to keep his family together. He'll do whatever it takes, even if it means marrying a woman he doesn't love. For Xavier and Lily, Kalli will do just about anything, even at the risk of getting her heart broken in the process. Little does she know, sometimes love isn't quite as unrequited as one may think. Xavier sees her-he always has. And the vow he made all those years ago never to go there with his best friend's little sister is wavering, and it's wavering fast. When they come up with a plan that leads to wedding bells, it's a no brainer. This marriage of convenience has one rule: absolutely no falling in love. Easier said than done. Throw together a girl who believes rules are meant to be broken, and a man whose whole career revolves around following orders and you get a recipe for disaster. What could possibly go wrong?

When Knox Wellington opens the door to Charlie Davenport, he's not expecting the fiery brunette with whiskey colored eyes and a feisty personality. Sparks fly immediately, even though their initial meeting is nothing but hostile. Their chemistry is undeniable, but the chip on Knox's shoulder threatens to destroy any hope of him wooing the sweet, southern volunteer sent to help with his rehabilitation. Little does he know she's no Southern Belle, as she gives as good as she can take. As unexpected circumstances push them closer together, heads butt, patience is tested, and flames ignite as they dance around their mutual attraction, both of them jaded from broken pasts. They've both been burned before, so when their feelings of lust, desire, and wanting are inflamed in the heat of the moment, will they finally be able to get over the pain of the past or will their relationship be reduced to ashes before it can ever really begin?*While this book is a standalone, characters from Ignite, book 1, will appear in Knox's story.

You know the old adage "if you love something, set it free?" It's the dumbest thing I've ever heard. The dumbest thing I've ever done. I loved her. I lost her. Hell, I let her go. And then spent five miserable years without her. To

cope with the loss, I put pen to paper and wrote her a love story, knowing when she was ready she'd hear the words I couldn't say all those years ago. Turned out, not only would she hear them, but when Hollywood came calling, I made sure she got the lead role. After all, no one else could portray the character whom she'd inspired. Now she's within arms' reach and finally, she'll know the truth in my heart. Because that other cliché, "Actions speak louder than words?" I'm going to prove it. My words may have brought Ava Banks back into my life; I have to be enough to make her stay.

Where do babies come from? The question every parent dreads hearing has finally fallen from the lips of six year old Ava Banks, the curious, precocious little girl that you fell in love with in Ignite. Jeremy and Sierra, normally blunt as can be, struggle to find the right words to answer her. So instead, they rewind sixteen years to that one fateful day where a game of Seven Minutes in Heaven inevitably led to life-long romance filled with laughter, love, and many, many mishaps along the way. Falling in love with your best friend? It's the most incredible thing in the world. Let's just hope it lasts. When the world comes crashing down around you, can even the strongest relationship withstand great tragedy? Stay tuned for lots of laughs, teenage awkwardness, a few tears, and most of all, mullets. Because what good love story doesn't do business in the front, and party in the back?

After years of being called a tease and then being labeled the Virgin Queen, Andi Kane decides that when she goes off to college, she's ready to ditch the labels. She's grabbing the bull by its horns and riding as wild as she can. Fate must be smiling on her the night she meets Cohen Wellington, the cute boy-next-door and fellow music lover. Their connection is instant, and as the night progresses, she knows she's found The One. Only...it doesn't go exactly the way she had planned it. And even though she can't get him off her mind, some humiliations are just too much to overcome. She walks away, never planning to see him again. Three years and a whole lot of experience later, Andi and Cohen are suddenly drawn together again, and it doesn't take long before it's clear their connection is stronger than ever. Fate. Destiny. Kismet. Whatever you want to call it, these two fall hard and fall fast. Their love burns hot, but when their plans for the future seem to move in two different directions, will it be enough to sustain the flames, or will the fire consume them, their relationship combusting before their very eyes? Sometimes love comes quickly without question, without hesitation, and without fear. But this kind of love is once in a lifetime, and sometimes you just have to ask yourself, can it really last?

It's the summer of 1980, and a sweltering heat wave plagues much of the South. To get over a recent breakup and find some much-needed cooling down, Amelia Holloway escapes the city to spend the next three months at her grandparent's secluded lake house. Even though she craves isolation, it doesn't last long thanks to an irritatingly handsome intruder. The man from across the lake; the cocky, arrogant, and completely irresistible Knox Wellington-- one who isn't used to hearing the word no. She's running; he's chasing, and it's one hell of a relay. Inevitably, as most Wellingtons do, he breaks down her barriers and raises her temperature higher than any heat index. They embark on a carefree, no strings affair that intensifies the flames of their passion with every passing day. What's meant to be a summer fling turns into so much more, but even the harshest of infernos eventually burn out, leaving nothing but ashes and destruction in its wake. Life may tear them apart, but even hundreds of miles away, Knox can't forget the beautiful blonde who set his soul on fire, consuming his every waking thought until he has to seek her out. When he returns to Crystal Cove, he's in for the surprise of his life. About to face the ultimate test, Knox must decide... can he stand the heat?

Branson Wellington? The name, my name, is usually followed by fucking prick or self-serving bastard, and I can't say I haven't earned those titles. It's true. I'm not the good guy. I'm not the boy next door. I'm definitely not your Prince fucking Charming. Not even close. And I never wanted to be. Until her. The day I pulled her from the wreckage was the day that my life changed. Who would have thought that one little lie had the power to throw two lives so off course? Love has never been in the cards for me, but now that she's here, I have no idea how I'm ever going to let her go. Even if I don't deserve her. Because like I said, I'm a self-serving bastard and some things never change.

“The Last Letter is a haunting, heartbreaking and ultimately inspirational love story.”—InTouch Weekly Beckett, If you're reading this, well, you know the last-letter drill. You made it. I didn't. Get off the guilt train, because I know if there was any chance you could have saved me, you would have. I need one thing from you: get out of the army and get to Telluride. My little sister Ella's raising the twins alone. She's too independent and won't accept help easily, but she has lost our grandmother, our parents, and now me. It's too much for anyone to endure. It's not fair. And here's the kicker: there's something else you don't know that's tearing her family apart. She's going to need help. So if I'm gone, that means I can't be there for Ella. I can't help them through this. But you can. So I'm begging you, as my best friend, go take care of my sister, my family. Please don't make her go through it alone. Ryan

NEW YORK TIMES BESTSELLING AUTHOR Ryan Justice may be her boss, but nothing will stop him from making her his. New York Times and #1 ebook bestselling author Alexa Riley entices with a brand-new, full-length novel. She thinks I'm perfect. A good boss, a good man. She thinks that I play by the rules. She has no idea who I truly am. Why I'm really here. Paige Turner is trying to outrun her past, but there it is, tossed back in her face anytime she manages to get two steps ahead. She has no idea what a man like me will do to get what he wants. Her need for Ryan got in the way of revenge, took her off course. Redirected her focus. Before she knew it, he'd made his way into her life. Into her heart. I'm dirtier than she knows. She thinks I'm good to the core, but she doesn't know the things I've done. The things I would do for her. True love doesn't let secrets as big as these stay buried. And when the truth about Paige's father is finally exposed, Ryan will do anything to fix everything. Paige has always been his—and his alone. This book is approximately 75,000 words One-click with confidence. This title is part of the Carina Press Romance Promise: all the romance you're looking for with an HEA/HFN. It's a promise!

Breaking up is hard to do. Three years after her life changed forever, Gabriella Latham finally has it all. Killer job [if working for her boyfriend counts]. Killer closet [even if she doesn't technically own any of it]. Killer boyfriend [who refuses to let her leave him, even when she tries]. Unfortunately for her, the last part isn't hyperbole. She just doesn't know it yet. Adrian Morningstar was a dream come true. No one had ever loved her more, and for the first time, in longer than she could remember, she was no longer alone. He was the Prince Charming to her Cinderella, until suddenly he became the Beast with whom she could not escape. Until him. When Rafe Matthews is hired to oversee the guest home construction of one of the most powerful businessmen in the country, he finally has his in. Nothing will get in the way of what he sets out to do. Until her. Watching from the shadows, he's drawn to the beautiful, isolated woman of the house. His curiosity is piqued and he has to have her. She may be taken by the boss, but that's not enough to stop him. Or her. Nothing is quite as it seems, and this is only the beginning. Passions ignite. Tempers flare. Secrets kill.
