Hospital Design Trends | Building Design + Construction
Just like everything around us, the healthcare industry is growing at a rapid rate. What will surprise many is that it is one of the fastest-growing sectors in the economy, and it is showing no signs of slowing down any time soon. As the population is aging healthcare facilities have to expand and keep up with the number of people who are coming through the doors.

To maximize your facility ' s use of the latest technology, focus on these healthcare interior design trends: Digital Kiosks When HMC Architects designed the Kaiser Permanente La Habra Medical Office Building in La Habra, California, we included touchscreen monitors that allow patients to easily check-in when they arrive at the facility.

2019 ' s Top Healthcare Interior Design Trends Modern ...

There is a noticeable movement from hospital-based acute care to outpatient care, and toward a more holistic, preventative, and continuous care of health and wellness. Sustainability must be a consideration for the design of all health care facilities. Many sustainable design features can be incorporated into health care facility design, including daylighting, energy and water conservation, nontoxic materials and finishes, and sustainable operations and maintenance.

Health Care Facilities | WBDG - Whole Building Design Guide
Resimercial. Resimercial design is a significant trend in many industries, but the intended result is even more applicable to healthcare. Resimercial design is the idea of taking traditionally home-like elements and incorporating them into commercial spaces, resulting in a welcoming environment for people.
