Samples And Populations
Answer Key
Make a box plot of the

Read Book Samples And Populations Answer Key

sample population data.

Answer: First we need to find the median, so we need to order the numbers from least to greatest:

4,4,4,5,6,7,7,7,10,11. So

median is $(6+7)/2 = 13/2 =$

6.5. And the median for half

Read Book Samples And Populations Answer Key

of the data is 4,4,4,5,6= 4.
And the other half of the data is 7,7,7,10,11= 7.
