Every work of art is an expression of its culture (time and place) and its maker (the artist) and is dependent on its media (what it's made of). The methodologies discussed here (formal analysis, iconology and iconography, Marxism, feminism, biography and autobiography, psychoanalysis, structuralism, race and gender) reflect the multiplicity of meanings in an artistic image.

Since the nineteenth century, when art history became an established academic discipline, works of art have been "read" in a variety of ways. These different ways of describing and interpreting art are the methodologies of artistic analysis, the divining rods of meaning. Regardless of a work's perceived difficulty, an art object is, in theory, complex.

~~The Methodologies of Art: An Introduction - Laurie Adams~~

Methodologies of Art History introduces students to the history of our discipline, the ideas and theories that are essential knowledge for those wishing to pursue studies in Art History at a higher level. We will explore various approaches and examine in depth the methodological strategies adopted by Art Historians.
